NEWS WORTH REPEATING

Report Cards

Quarter three report cards are now available. Please click [here](#) to access HCPSS Connect.

NEW - Late Arrival Kiosk

Last week, a change in the process for late arrivals was implemented. When a student is late to school, the student will use the new late arrival kiosk to capture their arrival. At the kiosk, students will enter their username and password (same one used to log in into their Chromebook) to log their arrival. A late pass will be automatically generated and the timestamp will be captured directly into Synergy. The late arrival kiosk will be in the lobby daily until 9:00am. Students arriving after 9:00am will be able to access the kiosk in the office.

As a result of this change,

- Parents no longer need to come into the school office to sign their child in.

- Parents can view time of arrival via [HCPSS Connect](#) by navigating to the Attendance tab>clicking on the day of concern in the calendar display>reviewing the timestamp under Attendance Detail.
- Late Arrivals/Tardies are recorded as *unlawful/unexcused* until the school receives notification from the parent.
 - Please send all such notifications to PMSAbsence@hcpss.org and include your student's full name, grade and date of absence/tardiness.
 - Students can still hand a parent's or doctor's note to the attendance secretary upon arrival.

Thank you for your patience as we learn our new system and as our students get used to the changes.

Please note, per [Policy 9010-IP](#): *The school must receive notification from the parent or physician explaining the absence/tardiness of a student within five (5) school days of the student's return or the absence/tardiness will be unlawful/unexcused.*

Free Chromebook Program

As part of a grant from the State of Maryland's Connected Devices Program, our school is partnering with the Bright Minds Foundation and the Howard County Government to continue to provide qualifying families with one free Chromebook and charger per household. This free new HP Chromebook can be used to connect with schools, access community services, for personal work purposes or for any other reason that benefits your family.

In order to qualify for a free Chromebook and charger, you must meet the following criteria:

- Your family has not already received a free device from one of these organizations: Community Action Council of Howard County, Howard County Office of Children and Families, or Making Change;
- You are the parent or legal guardian of a student currently enrolled in HCPSS;
- You meet one of the income qualifications outlined on the application form; and,
- The application form is fully completed.

If you qualify for a Chromebook and have completed the Google Form application, you will be notified by school staff when the device is available for pick up. At that time, an adult family member will need to come to the school to receive the device. When you pick up the device, you will receive information about setting up the device and how to access technical support. These are not HCPSS devices, and will not come loaded with any HCPSS educational applications. HCPSS is not responsible or liable for the

operation, loss, or repair of your Chromebook or charger. Families will be responsible for their own internet service. Families will have 5 days to exchange any non-functioning devices.

[Please read the instructions and complete the Free Chromebooks for Eligible HCPSS Parents or Guardians Google Form at this link.](#) If you have any questions, please contact Shannon Motsco, Assistant Principal, at shannon_motsco@hcpss.org. We look forward to partnering with the Bright Minds Foundations, Howard County Government, and you for this incredible opportunity!
