- Easing into Middle School

Middle school is a defining point for students in the college and career readiness process.

The level of academic achievement that students attain by eighth grade has a larger impact on their college and career readiness than anything that happens academically in high school.

Supporting Academic Behaviors

At Patapsco, staff and students:

- Start with the goal in mind
- Do what they do best, every day
- Celebrate effort and achievement
- Engage in positive experiences each school day
- Create excitement for the future.

3 Ways To Support The Whole Child

LearnED by Pearson

1. Teach kids that intelligence isn't fixed. They can grow their brains through lifelong learning.
2. Talk to students about college and potential careers. Tell them you believe in them and in their success.
3. Keep the communication lines open - set aside time to regularly talk about feelings and friendships.
